RENEWED PETITION UNDER 37 CFR §1.47(a)

Mail Stop Missing Parts
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Responsive to the Decision on Petition under 37 CFR §1.47(a) mailed July 16, 2007 regarding the above-captioned patent application, Applicants respectfully submit a renewed Petition under 37 CFR §1.47(a).

In response to a Notice to File Missing Parts mailed January 8, 2007 regarding the above-captioned patent application, on April 10, 2007, Applicants filed a Petition under 37 CFR §1.47(a) accompanied by the appropriate fees and three (3) Statements of Facts setting forth the bona fide attempts made to present a copy of the application papers to the non-signing inventor for signature. The Statements of Fact indicated that the non-signing inventor, Jinming Feng, refused to execute the "assignment and power of attorney forms." However, because the Statements of Fact did not specifically identify the power of attorney form as being a combined declaration/power of attorney form, the Petition was dismissed.

Applicants submit that the combined declaration/power of attorney form presented to the non-signing inventor was identical to the Declaration and Power of Attorney form executed by the other cooperating inventor. As set forth in the Decision on Petition, this Declaration and Power of Attorney form complied with 37 CFR §1.497(a)-(b) and was accepted.

Further, in response to the Decision on Petition, Applicants attach herewith three (3) revised "Statement of Facts in Support of Filing a Declaration and Power of Attorney on Behalf of Non-Signing Inventor Who Refuses to Sign or Cannot be Reached or Found (37 C.F.R. § 1.47(a))", namely declarations of Jin Xia Gong, Helen Duan, and Gayle Fung. The Decision on Petition indicated that the declaration filed 23 May 2006 was timely and that the \$130 surcharge for late filing of a declaration was refunded.

The foregoing submission is believed to meet the requirements of a Petition under 37 CFR §1.47(a), is submitted within two months with a request for reconsideration, and the Applicants await further action on the application from the Patent and Trademark Office.

Authorization is hereby provided to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 06-0308.

Respectfully submitted,
